

# THANKS TO EXIST it s an HYMN TO LOVE

it s an invitation to cure the wounds and mourning of all tragedies by a fundamental change in which cruality disappear of our system

love yourself; listen to ourself, trust ourself, act according to ourself,

an invitation for each one to take the part of power which belongs to each one; to love the only part who belong to ourself; and to built our life according to this love

because our actions are the continuity of what we are, the more we love ourself and our own actions, the more we contribute to peace and love on earth.

- rebalancing the dominated by filling their gaps ( when they have to serve an other interest than their own )
- rebalancing the dominants, freeing them of too much weight ( engaged in an endless race )

Happiness is the objective

The Love of Ourselves is our balance and satisfaction

The Love of our Actions is the balance and satisfaction of what we do  
NOT TO DO AN EFFORT FOR TO LOVE WHAT WE ARE and DO  
BUT TO DO and TO BE WHAT WE LOVE.

From the Happiness of each one born the Happiness of everybody  
when everyone is happy of himself.

Inner Peace born from the Happiness of each one.

World Peace born from the Happiness of everybody

proposition

TO DEVELOP OUR HAPPINESS,  
BY THE LOVE OF SELF and SELF-ACTIONS,  
TO CREATE STRUCTURES WHICH ALLOW,  
ALL PEOPLE TO LOVE THEMSELVES and WHAT THEY DO  
IN ORDER TO SHARE, IN A WORLD OF PEACE,  
OUR SELF JOY OF LIVING, ALL TOGETHER
